

News from the Fishbon Library

May 2019

Updates for UCSF clinical nursing staff on library classes and services, tips on research for nursing practice and resources for patients & families

BLS, ACLS and PALS Books Available

Registrants for the STS in-person classroom course are required to bring a copy of the current AHA manual with them to class when they certify or recertify. Copies are available for loan at 3 campus library locations:

- [Parnassus Campus Library](#)
- [Mission Bay Library](#)
- [Fishbon Library at Mount Zion](#)

Upcoming literature search classes

Do you have a clinical question or a research project and are not sure where to find the best information? This free, two hour course discusses the basics of searching the biomedical literature with hands-on practice. Get the details and register for one of our upcoming classes on [INEx Connect](#):

Finding Evidence: How to search the literature in support of Evidence-Based Nursing Practice

CE contact hours: 2

Upcoming dates:

- **May 16**
- **June 12**
- **July 24**

Patient and Family Support

Do your patients and families have questions about their health and wellness?

Ari Kleiman, MLIS, is the Fishbon Library's Patient and Family Librarian. Ari connects patients and families with trusted health and medical information. He works with people to understand what their questions are, then researches both lay and professional resources, as needed, to find information to answer those questions. Patients and families can find more information about how Ari can help at <https://tiny.ucsf.edu/medicalquestions>.
